

**Ares Wealth Management Solutions, LLC (“AWMS”)
Form CRS Customer Relationship Summary (“CRS”)
November 1st, 2021**

1. Introduction

Ares Wealth Management Solutions, LLC (“AWMS”) is registered with the Securities and Exchange Commission (SEC) as a broker-dealer. AWMS’s primary business is the wholesale distribution of real estate investment trusts (“REITs”), and private placements of real estate related securities offered by its affiliated companies (collectively, “Ares Management”). Sales to retail customers are conducted on a wholesale basis through other broker-dealers, investment advisers and banks. In addition, AWMS may sell to institutional investors and, on a limited basis, open accounts for employees of its affiliates and certain of their household family members and certain other retail investors. AWMS does not sell securities directly to the general public. AWMS is a member of the Securities Investor Protection Corporation (SIPC). Please be aware that brokerage and investment advisory services fees differ, and it is important for you to understand the difference. Free and simple tools to research firms and financial professionals are available at www.Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers and investing.

2. Relationships and Services

What investment services and advice can you provide me?

We only offer brokerage services to enable you to invest in real estate securities offered by Ares Management. We do not make any investment recommendations to retail investors and we do not offer services with respect to investments in other securities or investment opportunities. You may open an account with us in order to invest in an Ares Management investment product. Because we do not offer a full range of investment products, you will need to open accounts with other financial institutions in order to make investments in products not sponsored by Ares Management. We do not monitor accounts, nor do we have any requirements for minimum account size. However, some of the investment products offered by Ares Management have certain minimum investment requirements. You should review the offering documents for such programs for information regarding such minimum investment requirements. For more information about AWMS, see www.blackcreekcapitalmarkets.com.

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

We have operated as a broker-dealer since June 2002. Generally, our investment professionals hold a Series 7 - General Securities license and a Series 63 - State Securities license and are registered with FINRA. Some professionals may hold a license limiting them to sales of only private funds. Supervisory personnel hold a Series 24 license.

3. Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

We do not charge any fees for the limited services we provide to retail investors. The investments sponsored by Ares Management are subject to fees and costs such as commissions, dealer manager fees and ongoing distribution fees, a portion of which are paid to our affiliates and a portion to third parties. Such fees and costs will be disclosed in the offering documents for the investment program and will vary based upon the terms of the program and the share class purchased.

The investments AWMS offers are subject to significant fees and expenses, a portion of which are paid to Ares Management affiliates. You will pay fees and costs whether you make or lose money on your investments. Fees

and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying before you make an investment decision. For additional information on fees and costs, please see the prospectus or other offering documents related to each investment program you are considering.

How do you and your financial professionals make money?

We receive dealer manager fees for Ares Management programs sold through third-party broker dealers or recommended by third-party registered investment advisers. Our financial professionals receive compensation based on their success as wholesalers coordinating product sales by third party broker-dealers or recommended by investment advisers and other financial professionals. Our registered representatives are not paid for opening accounts for Ares Management employees and their family members or any other retail investors, nor do they receive any compensation based on activity in such accounts.

What are your legal obligations to me when providing recommendations? What conflicts of interest do you have, how might they affect me and how do you address them?

We do not make recommendations to retail investors. Our interests may conflict with yours because we only offer services with respect to Ares Management investment products and, as a Ares Management company, we benefit when you invest in such products. Because we do not make recommendations to retail investors, we believe these conflicts do not have a direct effect on our retail investors. Moreover, our financial professionals are not compensated for services we render to retail investors.

4. Disciplinary History

Do you or your financial professionals have legal or disciplinary history?
